Lizzie.

Lizzie lived in a glass house. It was round like a ball, with a door in was going on inside, because the walls that is most suggestive of thought. were glass, you know.

Right in the middle was a little stone openings, and an open top. There were pretty pebbles inside, and living plants and mosses flourished.

Three gold-fish and two silver-fish lived in this lovely place with Lizzie, and Lizzie was a lizard, with bright eves and a sharp-pointed tail, and a very lively manner indeed.

pitcher, and this is how it came about. A little city boy was crossing one of the parks one day, coming from school. Some workmen were cleaning out the fish-pond; for it was autumn, and it wouldn't do to let the gold and silver-fish freeze, you know! Little Hal looked on, and saw that in the water they were dipping out.

"I wish I had some!" said Hal. "Bring us a dish," said one of the workmen, and Hal darted off to hunt up a glass jar with broken top he had peii began to be uncovered, men were seen on top of a barrel of refuse.

O, how proud he was to carry home put them in the glass pitcher, and then one day the pretty globe, all furnished as I have told you, came, and three gold-fish were swimming gaily about in it.

the stranger now visiting the unburied Very soon after the Fish family city and going along the streets and was settled, Lizzie came to live with them. And what do you think the ples and theaters that were crowded lively little visitor did? Why, she just set herself to watch the little population, can see for himself just fishes, and from the little cave-like openings in the stone, to dart out at deeply impressive lesson to meditate upon; how, after lying for eighteen centuries in the grave, these things up!

Fruit in the Dietary. A recent issue of the Medical Classics contained an article on the eating the top. You could always see what of fruit, by Dr. Ferdinand Seeger, He says: "It is an observation not It was a prettily furnished house. less important than true, that by attending merely to a proper diet a house that looked something like a phlegmatic habit may frequently be pagoda. It had four little doors like changed into a sanguine one, and the hypochondriae may be so altered as to become a cheerful and contented member of society. Experience and observation show that a too frequent and excessive use of animal food disposes the fluids to putrefaction, and, in sanguine temperaments especially, communicates to the mind a degree At first Lizzie and the two very of ferocity. Nations subsisting chieftiny silver-fish lived alone in a glass | ly upon the flesh of animals, like the Tartars, are, in general, more fierce than others; and the same effect is manifest in carnivorous animals; they emit a very disagreable smell, and both their flesh and milk have an unpleasant and repelling taste. Even an infant will refuse the breast when its nurse has eaten too much animal there were numbers of tiny silver-fish | food. Those who eat great quantities of meat and little bread and vegetables must necessarily acquire an offensive breath. It appears, therefore, to be most suitable and conducive to health to combine animal with vegetable food in due proportions." The proportion of vegetables to meat eatthose tiny creatures! And Aunt May en by each person, Dr. Seeger says, should be two-thirds or three-fourths | Tables, Excelsior, Wool Top, Wool and Wire vegetables to one-third or one-fourth meat. Dr. Seeger gives several authorities for the eating of fruit at the commencement of the meal. He says: "The eating of fruit at the commencement of a meal, while it presents a bland or congenial material to the delicate lining of the membrane of the alimentary organs, forming a welcome precursor to the more na Rugs of all sizes and dimensions. substantial articles, many of which them with a force that looked as require protracted energy for their though she wanted to eat them right elaboration into nutriment, at the same time is, to some extent, a safeguard against the overfeeding which But she did lead the lady-like little comes from reserving the fruits till gold and silver-fishes a pretty lively the stomach is already overloaded with enough, perhaps too much, of other food. Fruits should be ripe when eaten on an empty stomach, and for their laxative effect should be eaten before anything else. In this way constipation may, with many individuals, be obviated, especially when the quantity of other articles of the meal is within reasonable limits. Constipation is the foundation of many diseases, and the cause of lassitude that depletes working force. This difficulty, Dr. Seeger says, can be removed by attention to the diet. Fruit he highly recomends as a superior regulator, and, in addition, "benefit will be derived from the use of Days went by, and at last Jane, corn bread, cracked wheat, oatmeal, bread of unbolted flour, and such vegetables as green corn, tomatoes and celerv." Biliousness will also yield to careful habits of diet. Dr. Seeger says: "If our bilious friends would throw aside their liver pills

Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached. Dr. Pierce's Golden Medical Discovery will subdue it, if taken according to direc-tions for a reasonable length of time. If not ured, complications multiply and Consump-ion of the Lungs, Skin Disease, Heart Disease, theumatism, Kidney Disease, or other grave naladies are quite liable to set in and, sooner relater, induce a fatal termination.

Dr. Pierce's Golden Medical Disand study nature while she is in her most smiling and bounteous mood, Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys, and other excretery organs, cleansing, strengthening, and healing their discases. As an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery would allow her to tempt them as Eve tempted old Adam, they would ral and healthful methods, free themselves of the 'thick, bilious impurities' which make them a nuisance to themselves as well as to all around them.
